# DACURATED ARCHIVE

**This is an archive of actively maintained links to RPG Troves.**

**Each one is a single game, theme, or publisher, and strives to be complete.**

**See an (offline) trove you mirrored or happen to collect? Toss up a link!**
**It's never too late to become a curator.**

**/Drop, /Donate, /Submit, etc. links are for filling gaps in troves. If you're suspicious of a file's hygiene, please denote so in the filename.**

**- - -**

## PLEASE BUY A COPY OF THE BOOKS THAT YOU USE.

If you wanted to help, you could join the Anon Brigade by becoming a Curator and/or by finding stray PDFs for other Curators.

Pick a game or small publisher you like that's not too big and complete it as best you can easily.

Really prolific games can be divided into components; by edition, setting, publisher etc.

Upload the pdfs somewhere. Hunt for and request the missing things. If it gets taken down, put it up again later. Using indirect links like r3br@nd<dot>ly, $plit<dot>to, or pasteb!n has a real advantage in that this document will tend to stay valid without constant editing.

I found this **big honking list of rpgs**,
that probably means everyone else has known about it for ages.
It stopped in 2007, it has descriptions and stuff. http://www.darkshire.net/jhkim/rpg/encyclopedia/
This one started in 2008
http://www.thefreerpgblog.com/

**- - -**

**Sorry for the incomplete links and funny L33t spelling of upload site names**

ss, @SS or $$ is Send Space, m3g@ is Mega, <d0t> is a period or dot as in dot com

Some links are cAsE sEnSeTiVe

There is a u$ercl0ud and a u$er$cl0ud, be careful to go to the correct one.

Add the hypertext protocol colon stuff to the front then the upload site spelled correctly, then add the final gibberish to build a complete link.

Links in Green are either new links or dead links that are now working.
Links in RED are not working. They will be left up in here for a period of time before being removed. If you maintain one of these troves or sites, please update the link. If someone would like to make another trove for these, multiple troves are great, more is better, redundancy, you can't have enough of a good thing, etc.
